

The Aspire Registry Accepted Organizations that Provide Lifesaving and First Aid

Life-saving training (i.e., First Aid and CPR) MUST include a face-to-face skills demonstration component to be verified by The Aspire Registry and must be administered by one of the organizations listed below. The Aspire Registry does not verify training that is offered 100% online.

Please send a copy of your current certification card for the age group you serve that includes the issue and expiration date from any of the following organizations:
